The overnight Staff Training session is open to anyone who has completed a three day Cursillo weekend and is interested in serving on a Cursillo staff. There is no limit to the number of staff training workshops you may attend, but you must complete at least one session to be placed on the staff “eligibility” list. During this training you will hear about the mechanics of conducting a Cursillo, the various staff position responsibilities, and the Kairos ministry. Come prepared to have fun while making new friends from around the Diocese. On Saturday evening, we will have our own Agape, so bring a snack to share with the group. Also, you will have the opportunity to help set up the chapel for the Clausura for the April Cursillo. To reserve your space, please send your registration form and check ASAP. Reservations are made on a “first come, first served” basis.
